

DISCERNING GOD'S CALLING FOR YOUR LIFE

**You see the signs. We know the way.
Life's calling.**

**Do you often feel like something
is missing in your life?**

**Are you ever unhappy or anxious
about the way your life is going?**

Being a young adult can be one great adventure at this stage of your life, especially if you've got the right skills to navigate it. And you've probably already begun to really wonder about your life – what you desire for your future and the steps to get you there.

If you want to know your best self, as a man whose life has meaning and purpose, God is the only one to point the way. Really. So many questions stir in our hearts as we try to make the right decisions for our lives. Who better to seek guidance from?

When these questions stir, it's common to feel confused and overwhelmed in trying to seek out the right answers. You are not lost, we can assure you, but you must seek the wisdom and support of others who understand this part of the journey, as the terrain ahead can be challenging and confusing. With the right equipment, you'll reach your peak and go beyond!

Feeling lost about the future?

**Have you given God
a chance to speak?**

Are you listening?

If you are wondering about your calling or purpose in life, God knows, and we can help you discover it, too.

It's called **discernment** – a process that will help you come to know the man God has created you to be and help you become aware of how the Holy Spirit is guiding you, as you weigh your options and make decisions for your life.

Discernment will lead you to a deeper sense of purpose and connection with God, yourself, and others, as you **discover how best to make an impactful difference in the world, leading to a fulfilled and joyful life.**

Have you been wondering? Let's talk! No matter to where or to what God calls you, it has great purpose and a valuable role in making up the Church, of which you are a relevant part. **Let's see where God leads.**

GOD IS CALLING YOU.

Your life has a great purpose.
Do you know what that is?

We are here to help guide you on this journey.

Scivias is a 27-episode video series where Fr. Michael Zimmerman speaks to the heart for navigating the murky waters of faith in modern culture, in order to hear God's voice.

This series of short videos will guide you on a journey of vocational discernment to grow in **knowing who God made you to be**, discover **the unique ways He works through you**, and more deeply **understand the beauty of the vocational commitments to marriage, religious life, or the priesthood**.

Most importantly, you will **get to know Christ in a very real way** and **learn how to trust Him** with all the questions you may have about who you are called to be. Free guides are also available to help you process, pray, and reflect upon each episode.

Register for Scivias today and receive the episodes in your inbox!

When Jesus reveals to Peter his vocation, he asks Peter, "Who do you say that I am?" Jesus wants you to turn to Him with that same question, **"Jesus, who do you say that I am?"**

We'd like to support you on your journey and, together, **listen for the answer.**
